

Juhil Lad

Assistant Manager- Production | Medical Device Manufacturing | Regulatory Compliance

+91 9924005495 | ladjuhil117@gmail.com | Surat, Gujarat, India

PROFESSIONAL SUMMARY

Results-driven Production Professional with 6+ years of experience in medical device manufacturing, production planning, Quality systems, documentation control, and process optimization. Proven expertise in production management, audit preparation, SOP development, regulatory compliance, and cross-functional coordination. Strong background in ISO 13485 environments with hands-on experience in Heart valve manufacturing, Drug-coated Balloon catheter, Drug Eluting Stent Systems and Quality Documentation. Skilled in leading teams, improving operational efficiency, and supporting continuous improvement initiatives.

KEY SKILLS

- Production Planning & Scheduling
- Manufacturing Operations Management
- Equipment Qualification (IQ/OQ/PQ)
- SAP & Odoo Systems
- Cross-Functional Coordination
- Change Control, CAPA & Deviation Management
- Document Preparation & Review
- Internal & External Audit Preparation
- ISO 13485:2016 Compliance
- Process Optimization & Continuous Improvement

WORK EXPERIENCE

Assistant Manager Production EON Meditech PVT LTD

July 2025 – Present
Surat, India

- Manage daily production operations and ensure achievement of production schedules.
- Monitor resource utilization and optimize manufacturing efficiency.
- Prepare and review SOPs, production records, and quality documentation.
- Support internal and external audits by maintaining audit-ready documentation.
- Ensure compliance with safety regulations and quality standards.
- Coordinate inventory planning and supplier management to maintain uninterrupted production flow.
- Prepare Management Review Meeting (MRM) reports and management presentations.
- Analyse production performance and recommend process improvements.
- Lead production teams to achieve operational targets and quality objectives.
- Increased production efficiency by 20% through lean manufacturing initiatives and workflow optimization.
- Reduced machine downtime by 15% through preventive maintenance planning and equipment monitoring.
- Improved first-pass yield from 92% to 98% by implementing process controls and operator training programs.
- Successfully supported regulatory and customer audits with zero major observations.

Senior Executive – Production Dolphin Life Science India LLP

April 2025 – July 2025
Nana Borasara, India

- Developed and executed production plans to ensure smooth manufacturing operations.
- Prepared, reviewed, and maintained SOPs and quality system documentation.
- Reviewed Batch Manufacturing Records (BMRs) and quality records.

- Coordinated internal and external audit preparations.
- Facilitated communication between production, quality, and other departments.
- Supported heart valve manufacturing operations while ensuring regulatory compliance.
- Prepared Electronic Device History Records (eDHR).
- Participated in project review meetings and milestone tracking activities.
- Developed documentation for:
 - PluraFlow Flow Glide Device
 - Dental Robotic System
 - Arthroscope Devices
- Supported logistics documentation including invoices, packing lists, and e-Way Bills.

Senior Officer Envision Scientific Pvt. Ltd.

July 2020 – March 2025
Surat, India

- Performed cleanroom line clearance activities.
- Prepared nano-formulation drug coating solutions for PTA/PTCA Balloon Catheters.
- Prepared drug coating solutions for Drug Eluting Stent Systems.
- Executed drug coating and primary packaging processes.
- Operated analytical and laboratory equipment including:
 - Analytical Balance
 - UV Spectrophotometer
 - Malvern Zetasizer (ZS90)
 - Beckman Coulter Particle Size Analyzer
- Conducted internal calibration of laboratory instruments.
- Monitored cleanroom temperature and humidity conditions.
- Generated storage chamber monitoring reports.
- Maintained compliance through documentation and procedural controls.
- Prepared and reviewed:
 - Batch Manufacturing Records (BMR)
 - Analytical Records
 - Operational Logs
 - SOPs and Quality Formats
- Initiated and supported Change Control processes.
- Performed SAP transactions and quality record management.
- Participated in manufacturing process improvements and KPI-driven initiatives.

ACHIEVEMENTS

 Trump Card Award (2021)	 Dynamic Performer Award (2024)
 Employee of the Month (2022)	 Best Department of the year (2025)

EDUCATION

Bachelor of Engineering — Chemical Engineering

Gujarat Technological University, India
CGPA=7.8

2016 – 2020

High School Qualification

Gujarat Higher Secondary Education Board, India
Percentage=64%

2014 – 2016

TECHNICAL SKILLS

Regulatory

ISO 13485, ISO 14971, cGMP, GMP, GDP

Quality & Compliance

QMS, Risk Analysis, Process Validation, Equipment Qualification (IQ/OQ/PQ), CAPA, Internal & Supplier Audits

Manufacturing

Clean Room Operations (Class 100–100,000), Drug-Eluting Stents, Drug Coating, Balloon Catheters, ENT Implant Devices Manufacturing

PERSONAL INFORMATION

- **Date of Birth:** 11-07-1998
- **Languages Known:** English(Professional), Hindi(Native) & Gujarati(Native)
- **Ready to Relocate**
